

Announcing the Search for SPECIAL EDUCATION PARAPROFESSIONAL

[Berkshire Arts & Technology](#) (BART) Charter Public School is a nationally recognized, award-winning, college-preparatory, public middle and high school located in Adams, Massachusetts. As the only charter public school in Berkshire County, it is consistently ranked among the top schools in Massachusetts for student academic achievement and growth.

Committed to preparing its students for college and a lifetime of learning, BART is a community of nearly 400 curious and creative students, devoted and innovative teachers and staff members, and families dedicated to the success of their children. The student body is diverse, each member with an important personal story. The School is built around a central makerspace, and its academic program comprises an intense academic core curriculum enriched by elective courses in the arts and technology. Students have numerous opportunities to pursue independent creative and scholarly projects. Before they graduate, BART students must pass college courses, take and pass collegiate-skills courses each year, complete an internship within the region, and participate in a rigorous program of mock interviews, portfolio presentations, and annual science fairs.

At BART, we believe diversity strengthens our community. We believe that recruiting, supporting, and retaining a diverse faculty and staff is essential to providing an excellent and representative education for our students. We support equity through representative hiring practices and welcome applications from members of communities that have historically not been represented in teaching and leadership positions in Berkshire County schools.

POSITION SUMMARY

For the position of Paraprofessional, we seek an individual who will work as a member of cross-disciplinary teams to implement a college-preparatory, standards-based curriculum that integrates the arts and technology. The position is a 10.5 month position (mid-August through June) with compensation that is competitive with the local market.

BART paraprofessionals are skillful educators, and:

- Welcome the challenge of being a paraprofessional in an organization committed to excellence;
- Believe that data-driven instruction within a standards-based curriculum is a powerful way to educate students;
- Believe that all students, regardless of their abilities, should leave high school with refined skills and be prepared for college;
- Model themselves as continuous learners to students, parents, peers, and supervisors;
- Collaborate effectively with others on curriculum, instruction, and assessment; and
- Believe in creating a consistent environment throughout the School for discipline, classroom management, and classroom routines.
